LEARNING AT LPU

WE ENSURE THAT YOU GET READY FOR FUTURE CORPORATE LIFE THROUGH OUR UNIQUE AND PRACTICAL STYLE OF TEACHING

WORKSHOPS

Watching a sporting event on television can be enjoyable, but actually seeing it live, surrounded by cheering fans, provides a much more encompassing experience. Teaching and learning can become inherently spontaneous and student-centred when moved from the confines of the classroom into the world at large. Students get the opportunity to explore real challenges and acquire a deeper knowledge to resolve the issues.

LIVE PROJECTS

Learning experiences outside the classroom are inherently interdisciplinary. Live projects are an integral part of LPU curricula. Our pedagogy is oriented towards giving students hands-on experience through labs in association with Industries.

GUEST LECTURES

LPU maintains a relationship with an impressive network of partners, both individuals and business partners, who offer many opportunities throughout the year for students to visit a local business or meet a particular individual whose expertise and success inspires and educates. Getting a chance to meet with our guests often helps students identify their own personal path to pursue.

LIVE CASE STUDIES

The use of case studies in classrooms serves several important purposes. By exposing students to numerous cases of varying complexity, students gradually evolve from possessing a cursory understanding of the material to an expertise in the subject. The case study is effective in non-traditional learning environments where important lessons are taught outside of the classroom.

FIELD TEACHING

Field experiences are unmatched in their learning potential. Field experiences early in a student's career can be formative and inspire students to continue in a field.

COMMUNITY ENGAGEMENT

Greater learning potentials and community benefits rest in more intensive forms of service learning projects. These projects, typically designed by both faculty and community partners, allow students to learn in highly effective ways while helping a community address its needs.

PERSONALITY DEVELOPMENT

Special programmes are conducted to improve a student's personality. Several training sessions on soft skills etiquettes, presentation skills, personal grooming and more are held, wherein all students participate.

RICH INTELLECTUAL POOL

LPU boasts of a rich pool of intellectual capital. A lot of focus has been laid while selecting the finest faculty. The faculty shares industrial experience, modern ways of teaching e.g. web based learning, smart classrooms trainings and also share their experience and research with the students and make sure that this transfer of knowledge becomes fruitful and ineffaceable experience for the scholars.

CAMPUS LIFE

AT LPU, STUDENTS HAVE EVERY OPPORTUNITY TO LIVE THEIR PASSIONS. SPORTS, THEATRE, ART, CHESS, FITNESS, DANCE, OR WHATEVER ELSE THEY WISH TO PURSUE. EVERYTHING IS MADE POSSIBLE BY THE 150+ CLUBS THAT LPU NURTURES, AND MANY PLATFORMS IT PROVIDES.

ACCOMMODATION @ LPU

AT LPU, WE KNOW THAT OUR ACCOMMODATION WOULD BE A SECOND HOME TO OUR INTERNATIONAL STUDENTS!
