LPU: STARTING THE EDUCATION REVOLUTION

The World Has Changed. Education Hasn't. Until Now.

For centuries, revolutions have reshaped industries, economies, and nations. The Industrial Revolution transformed how we work, the Agricultural Revolution changed how we eat, and Political Revolutions gave us independence. But education has remained the same for hundreds of years stuck in rigid classrooms, measured by outdated exams.

LPU is breaking this cycle.

We are not just **adapting** to change - **WE ARE STARTING IT!**

As one of **India's top-ranked universities**, globally recognized by **Times Higher Education**, World University Ranking and accredited with the highest **NAAC grade**, **WE ARE REDEFINING EDUCATION.**

Be a part of LPU's Edu-Revolution

50% of learning may happen outside the classroom, inside the industry, and on real-life projects, in a gamified way.

Students may earn up to 50% of Grades and 50% Attendance based on their achievements outside the classroom.

Students may earn equivalent to their fees through marketing, sales, freelancing, start-ups, trading, e-commerce, or consulting.

Students play an active role in shaping university academic policies & decision making.
